

USB 3.0 PCIe Card

Providing speeds up to 10x faster than that of USB 2.0, this PCI Express USB 3.0 card enables you to access your data and transfer files much faster than USB 2.0, by adding two USB 3.0 ports to your PCI Express capable PC. Featuring a native NEC PCI Express host controller chipset, the new USB 3.0 standard supports transfer rates of up to 5Gbps, while still providing connectivity and support for the older USB 2.0 (480Mbps) and 1.1 (12Mbps) devices. In addition the USB 3.0 card also supplies 900mA of power per USB port, allowing more external devices to operate without the need of an additional power source.

ACC-01-1200

General Specifications	
Chipset	Renesas Electronics - μ PD720200A
Bus type	PCI Express 2 (x1 connector)
Bus width	x1 lane PCI Express operable in x1, x4, x8, x16 slots
Transfer Rate	5 Gbps
Hardware certifications	RoHS, ISO9001:2008, CE, FCC
Operating temperature	0° C to 75° C
Storage temperature	-40° C to 125° C
Dimensions	12.1 x 7.6 x 12 cm (Length x Width x height of end bracket)
Accessories	Low-profile PCIe bracket included (8cm)

3m USB 3.0 Cable, Type-A to Micro-B

ACC-01-2300

General Specifications	
Length	3m
Connectors	Type-A to Micro-B with horizontal locking screws
Transfer Rate	5 Gbps
Diameter	5.5 mm
Color	Blue
Warranty	1 year
Temperature	60° C Maximum
Compliance	RoHS
